

# SKYWARN RECOGNITION DAY 2010

Skywarn Recognition Day was developed in 1999 by the National Weather Service and the American Radio Relay League. It celebrates the contributions that volunteer Skywarn radio operators make to the National Weather Service. During the day Skywarn operators visit NWS offices and contact other radio operators across the world. Chaves County Skywarn Coordinator Jim Tucker, (KB0QNW), and Eddy County Spotter Glenn Smith, (KE5IDX), visited Albuquerque's NWS office and recorded their visit in pictures and video.

Watch the video tour of the National Weather Service Forecast Office in Albuquerque.
