Jim Tucker, KB0QNW, our Chaves County Skywarn coordinator, held a meeting at the clubhouse on the second Thursday in July, for the weather spotters. A good attendance

turned out and Jim was able to refresh some of the important items to follow while observing a severe weather situation.

Jim is planning to continue these Skywarn meetings on the second Thursday of each month, at 7 P.M. depending on his work schedule. The meetings will be at the Cahoon Park clubhouse until we make the move to the new clubhouse location. Jim can be contacted at 575 208-9696.

ARES

I have nothing to report for ARES at this time, but Garry Blosser, NM5GB or Dan Musgrave, WD8RMG, will make a report at the meeting.

INFO FROM THE PRESIDENT

Mike Rohrbacher, KE4VNN, our club president did not have an agenda at press time for the newsletter, but he advised me that he would have printed copies to hand out at the Thursday meeting. He gave me a brief list of items that will be discussed as follows:

1. The new clubhouse is still pending. We have not signed the new lease yet; we are

waiting for the City to complete construction on the new wall. We are hoping to make the move sometime in August, but we will keep everyone updated.

2. We will be nominating and electing officers at the September meeting. Anyone interested in running for any office should either be present at the September meeting or notify us of their interest in writing (e-mail is acceptable) prior to the September meeting if they cannot be present.

KOFFEE KLATCH

Don't forget the Saturday morning coffee at the Cahoon Park clubhouse. The coffee is hosted by Gene and Phyllis Sherwood. Enjoy some good coffee and either donut holes or cookies and also a lot of good conversation. Gathering usually starts about 8:30 A.M. and continues until the last yarn is spun.
