FORM TO BE SENT IN BY THOSE INTERESTED IN RECEIVING THE BEAM QUARTERLY!!!
(If you did not reply last time, take time to do it now as this will be
your last opportunity. Reply to be sent to:

Amateur Radio Missionary Service
1800 Arch Street
Philadelphia ,3, Penna. 19103.

NAME CALL

STREET

CITY AND STATE CODE

Many thanks. 73 & 99's. -----

* P.S. Any skeds you have should be sent to: K2AXO, Jack Buck, Prospect Rd.,*
Box 163, Centerport, L.I., N.Y..

SPECIAL NOTICE !!!!!!! ** LAST CHANCE !!!!!!! *****NOTE!***
ARE YOU REALLY INTERESTED IN ARMS???????? DO YOU ENJOY KEEPING UP WITH IT ??
In the last issue of the BEAM was a note stating that all interested persons should drop us a note if they wish to continue receiving this publication. Did we hear from you????? If so, overlook this reminder, please! If you did not reply and are interested, TAKE NOTE!!! This will be your LAST issue unless you cut out the enclosed form or drop us a postcard with your name and address and a "Yes, we would like to continue receiving the BEAM." We feel it only proper to keep the BEAM coming to you if you want us to, so here is your last opportunity to let us know your wishes. O.K. Thank you so much for your understanding and cooperation in this matter. Replies to be addressed to: Amateur Radio Missionary Service

1800 Arch Street
Philadelphia, 3, Penna. 19103

In the event there is an error in the address or spelling on your BEAM, we would appreciate your notifying us. Thanks again so much.

REGARDING THE ARMS DIRECTORY : From WA2CYO, Bob Kurtz, Syracuse, N.Y.
"I hope all those members interested have received a copy of the new ARMS directory. I want to thank Ozzie Sergeant, VE3CNI for his effort in laying the ground work for making future directories possible. There have been some questions regarding the directory that I feel should be answered. First of all the listing in the directory has been put on IBM cards. This was done to facilitate up-dating, revising, and sorting. It is our hope that the directory will be up-dated at least twice a year. Because the directory is on IBM format the amount of information for each entry is limited to 80 spaces including spaces between words. Consequently we had to leave out much of the information we would have liked to have included originally. We had to abbreviate where ever possible and in some cases when this was not possible we had two entries listed for one station. If you have sent in information about your station and it does not appear in the directory in all probability it arrived too late to get into this edition. A new list of entries is already awaiting the next revision. In order for the directory to be useful it must be up to date. So if you would like to be listed in the next revision (hopefully this June) or if the present information regarding your station is incorrect kindly send the following information to: Bob Kurtz 300 Charlane Pkwy.

North Syracuse, New York, 13212.

Info should include: 1. Call 2. Name 3. Address 4. Power (max. for gear)
5. Bands on which active 6. Type of antenna (beam, dipole, quad, etc)
7. Currently active - yes or no 8. Phone patch - yes or no
Publishing a directory is quite costly, so it would be helpful if those here at home where ever possible would perhaps contribute a dollar to help defray the cost of publication and mailing. 73&99, Bob Kurtz, WA2CYO.

- * Thanks to Bob Kurtz for a big job done well. The directory is sure a help in handling traffic.
- * Our thanks also to W3GNS and W3RVY-Frank and Emily Sansom for help in mailing the Directory out.
- * Also a big "Thank you" to Esther Perrine for typing the Directory masters.
- * Of interest to all who know Bob Kurtz and family is fact that his parents who have been missionaries to India for 25 years are now home in retirement. They are with CBFMS.
- * Our apologies to all - contributors and readers - for difficult reading due to lack of paragraphing. In the interest of space, articles have been typed as one paragraph. We hope this does not pose too much of a hardship on anyone. Thank you for your understanding.
- * We would be interested in receiving any news items you might have for publication in the coming BEAM. Address all comments to the editor: W2RJQ-Mr. Leonard Van Saun, 1915 - 43rd Street, Pennsauken, New Jersey.

ATTENTION ALL ARMS MEMBERS !!!!! ANNUAL MEETING AND ELECTION OF OFFICERS !
June 6, 1964 at 10:00 A.M. at the Shady Rest Bible Conference Grounds in
CHESTERFIELD, NEW JERSEY (about 4 miles east of Bordentown on Route 528.
Route 528 can easily be reached from 130 at the top of the hill between
Howard Johnson Restaurant (north of 528) and Route 206 cross-over(south of
528). There is a traffic control at the intersection of Route 130 & 528,
so if you come from the south, just a right turn(east) is permissible onto
528, but if you come from the north you must take a jug-handle ,right turn
to go east. Once on Route 528, proceed to the intersection of the General
Store, turn left. About 1000 feet on your right you will notice a group of
white buildings - these mark the conference grounds. We will be awaiting
your arrival. Bring lunch, xyl, and kiddies - there is plenty of room ---
rain or shine. If have any trouble, call 609-AX8-3793. Listen on 51.0
or 29.1 en route and check in, if possible. Important business session -
ELECTION-MODIFICATIONS OF CONSTITUTION will be on the agenda for discussion.
SPEAKERS-Rev. Norman Tyson and Bernie May, JAARS pilot serving in Peru, S.A.

*****SECTION REPORTS*****

FROM OUR NEW ROCKY MOUNTAIN CHAPTER: WØYJY, Floyd Hall reporting:
A preliminary meeting was held on Mar. 20 in Englewood, Colorado with six
present: KØZIP, WAØEGB, WØDGP, WØYJY, Roy Holton(2nd class Com'l License,
and Howard Morarie (Soon to be CP7FO-Operates an out-station at Tobite,
Bolivia under the New Tribes Mission. Radio net is CPL7A on 4.035 m.c.)
ORGANIZATIOAL MEETING scheduled for May 8. Remember this in prayer .

FROM THE MIDWEST : WØQCB, Francis Finck reporting:
Greetings in the Lord Jesus Christ; The Midwest section is continuing to
show miraculous growth -Surely our God is able to do exceeding abundantly
above all that we can ask or think. All praises to Him! Our check-ins
have been as high as 20 or more with much useful traffic handled. Our
Thursday night net has increased in activity. At one time we had consid-
ered discontinuing it for lack of participation, but it has sprung to new
life for which we praise the Lord. We were surprised to have K2AXO, K3RYV
and K8HHK check in and we hope they will continue to do so - and others.
Harry Baumgarten, W9KWJ and his wife, Verna were accepted by JAARS for work
in Peru. After a few weekw on the field, Verna became ill and the doctor
urged them to return home. They are now seeking God's will in His service.
Whether at home or abroad, we know they are zealous to do the will of the
Lord. I know they will deeply appreciate your prayers as they seek guidance.
Roger Stubbe, WØZMU is applying for service with WRMF. We will miss him,
but our loss will be WRMF's gain. George Metcalf announced that some sur-
plus SSB 1 KW transmitters are available- Bethany Fellowship, WAØHBR has
been given one. WØCQY has another and I was thinking of K3CBM & OA8B.
We very much miss the friendly voice of KØELX. Mary is having transmitter
difficulty. Having been through the same thing the winter, we understand
and sincerely hope she will be back soon. Jay Sudenga, KØGAZ recently re-
turned from a trip to Bolivia and Paraguay visiting mission fields. We
are glad to have him back among us. It is our hope to be at the annual
meeting in June. These are important and challenging days for ARMS. 73&99

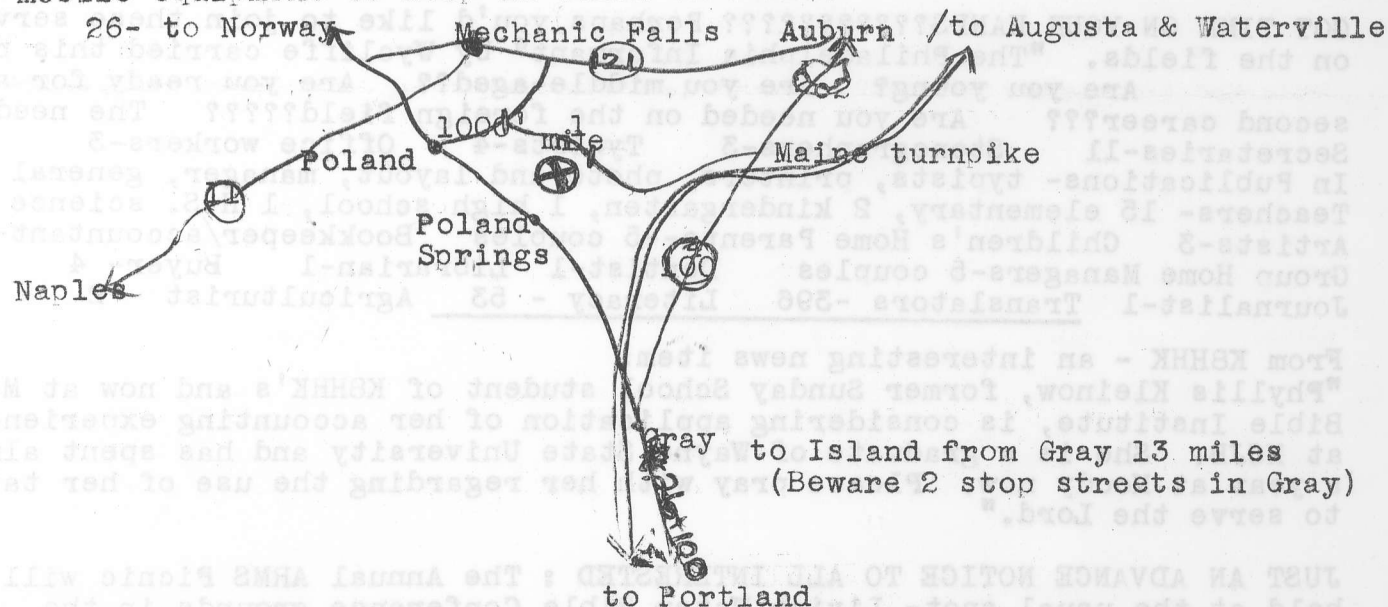

FROM THE WEST COAST SECTION :WA6WQT, Norman Churchill reporting;
The net has been quite good lately. Some days are difficult because of
QRM but other days we copy Treasure Island. WB6LFK, John has been net
control when I can not be on the air. Two more application blanks have
been mailed. K6EJV is our newest member and quite active. Another ten-
tative member is K6UGQ. W5WVX/MM, Ed Harwell is presently out of circu-
lation- at present he is on the SS Gridley on a "Hand Clasp" voyage to
Japan, Phillipines, and the South Seas. We have given him the names of
several missionaries and he has promised to see if possible to give them
assistance under the voyage purpose. Have a letter from WØQCB regarding

the transcontinental network. We were trying to work out something on 14.320 at 1500 GMT, but now the day has been changed from Monday to Tuesday at the same time. All members take notice. I wonder if someone has proposed, or the status of a previous proposal, regarding an annual dues item. It seems unfair for the eastern branch to carry the entire burden. All members please take note that the tape for the December meeting has been lost, apparently. WA6WQT forwarded it to the next in line in the state of Washington--- but at present its location is a mystery. If you know anything of its whereabouts, please notify K3RYV. Thanks. 73 es 99. Norm. WA6WQT.

FROM WA6KUA, Russ Killman Associate of the Heaven and Home Hour comes this word: The Westcoast gang is looking for a chance to handle some bonified traffic in the name of ARMS. Our Saturday rollcall at 1100 at 7.235Mc. is sometimes with as many as 10 or 12 fellows and then runs down to 2 or 3. I think we need some action to make them tune up each Sat. The woods are full of Christian hams out here who would be of value to us if we had something for them.

FROM THE NORTHEAST SECTION : K1GUR, Harold Goss reporting:

The Northeast section of ARMS is happy to report daily skeds are being maintained between CP8AA, Bolivia, S.A. and K1GUR in Maine at 6:30 -7A.M. EST on 14160 kc's & 14265 kc's except Sundays. Conditions have not been the best but traffic is moving through. We are thankful for answered prayer in this matter. A Drake 2B and a HT37 has been shipped to CP8AA. Cliffe Greene plans to build up a linear with material he has on hand there. The William Jackson family from Bolivia have arrived at Oxford, Me. for rest and medical treatment. Bill hopes to attend U.C.L.A. this fall. Jane Goss of Oxford, Me., a sister of Mrs. Evangelyn Jackson will be attending S.I.L. at Oklahoma this summer. The John Shanks family on furlough from Peru, S.A. will be spending the week of July 4th at a lakeside cottage in Maine. K1RPE, Wendell Lewis is faithfully striving to increase ARMS interest and membership in this Northeast Section. Much planning is going into the third annual gathering of ARMS at the "Isle of Somewhere", Poland, Maine which will be held July 31, August 1, and August 2 this year. Bill Sasnett and his family, missionaries on furlough from Peru will be with us. Don't miss this time of recreation and fellowship at the Island. Bring your ham gear and the rest of the family. We will have equipment on 2, 20, and 80 meters. There will be room for everyone. Our lifeguard will be on duty for this occasion. This is an affair for the entire family. Plan your vacation here. Perhaps the following sketchy map will aid in your arrival if you do not have mobile equipment to keep in touch en route.

Note: (X) Marks the location of the "Isle of Somewhere" We'll be looking for you and your family on July 31. Bring sleeping bags if you wish & linen.

FROM THE TEGELERS, KL7AVS** A REPORT ON THE EARTHQUAKE OF MARCH 27, 1964**
 "On Good Friday, March 27th, as we were sitting down to the evening meal, the house began to shake violently, furniture and dishes began to rock and slide; the children began to scream. This kept up for several minutes. The worst earthquake on record in the U.S. had taken place. Praise God not much damage was done to our house or belongings; nothing major. Nor to the other mission property. Praise God we were in a position to assist in the evacuation and hospitalization of the people of the town of Valdez. Praise God for our amateur radio which provided emergency communications. Glennallen became the center of this activity in a few hours; praise God it was still daylight; praise God we could accommodate a woman and her children who had lost a 16 yr. old son. Praise God that we know His Son, Jesus Christ and are looking for His return. Thank you for praying. Please, do not stop." Tegellers, KL7AVS.

FROM JAARS INTERNATIONAL AT THE CHARLOTTE AREA OFFICE IN NORTH CAROLINA, Bill Sasnett, WOTEM/4 reporting:

"On behalf of Wycliffe-JAARS I would like to take this opportunity to express appreciation to ARMS for the many messages handled to and from our various mission fields. These contacts including emergency traffic, purchase requests, orders for medical supplies, news items and just plain chit-chat have been very helpful and a morale booster for many missionaries. Transmitters, receivers, beams and other equipment have been supplied by members of ARMS. These have been a real blessing in the work. It was through ARMS contacts that we received a very gracious donation of about \$30,000 worth of transmitters here at JAARS from one of the companies in the field. Some of this equipment is now on the way to various mission stations to up-date our Base radio-net transmitters as well as the "ham shacks". It is with deep gratitude to the Lord that we say 'Thanks' to ARMS for helping to make effective the task He has given us to do. We trust He is blessing each of you richly as you serve Him. Two 100 ft. towers are being erected at Waxhaw JAARS center for hanging a Sterba Curtain antenna to be used on a RTTY link to Peru and Alaska. A Canadian, Peter Smith, donated and erected the towers and is planning to go to Peru soon to erect towers there. He desires to erect towers for all our fields, but will need some financial help. Vic Poor, K3NIO, is helping engineer the RTTY operation as well as donating equipment for testing the link to Peru. If successful, this should give solid communications as well as conserve much operator time. We have been trying to check in on the ARMS net on 7225 Sat. morn.; however lots of QRM on 40 M at that time." Yours for the WORDless ones, Bill, Radio Dept. Direct.

GOT TIME ON YOUR HANDS???????????? Perhaps you'd like to join these serving on the fields. "The Philadelphia Informant" by Wycliffe carried this plea:

Are you young? Are you middle-aged? Are you ready for a second career??? Are you needed on the foreign field????? The needs are:
 Secretaries-11 Stenographers-3 Typists-4 Office workers-3
 In Publications- typists, printers, photo and layout, manager, general
 Teachers- 15 elementary, 2 kindergarten, 1 high school, 1 H.S. science
 Artists-3 Children's Home Parents--5 couples Bookkeeper/accountant-4
 Group Home Managers-5 couples Dentist-1 Librarian-1 Buyer- 4
 Journalist-1 Translators -396 Literacy - 53 Agriculturist - 2

From K8HHK - an interesting news item:

"Phyllis Kleinow, former Sunday School student of K8HHK's and now at Moody Bible Institute, is considering application of her accounting experience at HCJB. She is a graduate of Wayne State University and has spent almost a year at Moody now. Please pray with her regarding the use of her talents to serve the Lord."

JUST AN ADVANCE NOTICE TO ALL INTERESTED : The Annual ARMS Picnic will be held at the usual spot- Living Water Bible Conference grounds in the Poconos of Penna. on September 12, 1964, the Lord willing. Thought you might want to make a note on your calendar. Further instructions will follow in the next issue of the BEAM, D.V.

The ARMS editor learned of the activities of VE3BWY and asked him to tell us about the work the Lord has led him to do. So here is his reply:

FROM VE3BWY: "I am a full gospel pastor of a church in Toronto and I have held " as my call since 1947 when I came to Canada from England where I held the call G6WY from 1927. I was raised a Presbyterian, but I found the Lord in a much deeper way in 1939, receiving the Baptism in the Spirit and being healed in my body and delivered from the curse of tobacco. At that time I was in the Wireless Civilian Reserve of the Royal Air Force from which I received a commission as a Signals officer and saw active duty as a Christian from 1939 to 1945. This was excellent training spiritually and I was able to prove that a person can truly live for Christ in the armed services. I am also a member of the Officer's Christian Union. It was during the war that I met many Christians of different denominations at the Christian Union camp meetings, and the Lord was teaching me the stupidity of man-made denominational barriers. I also had time to study much and made a most intensive study of the Word of God which has stood me in good stead since those days. Truly out of evil, God brings forth good. I was separated from wife, family, and ham radio, but not from the Lord or His Word which was truly a lamp unto my feet in those dark days of war. After the war, I trained and entered the ministry in 1947. I came to Canada to take over the responsibilities of a new testament church where it was the teaching that we were living in the days when God was restoring His church to its original form in the Acts of the Apostles. Thus we contended for both the nine fruits of the Spirit and the nine gifts of the Spirit, and we saw some wonderful things happen. In 1948, I experienced the first case of the ministry of casting out evil spirits when one was truly converted to Christ but had stubborn asthma. We prayed for him and were amazed to learn that his trouble was caused by spirits of infirmity and after these were cast out, he was permanently healed after 40 years of suffering. Two days later we were able to deliver a man contemplating suicide; this we also found by practical experience was an evil spirit, and the deliverance was quite spectacular. After these experiences our faith rose much higher, and since that time the Lord has used us to deliver many hundreds of people from spiritual and physical bondages, by praying in the name of Jesus against these satanic things. This led me to write books on the subject of exorcism and the charismatic gifts of the Spirit, including the 'contraversial glossolalia' which is happening everywhere in the church at large today. One major result of these books was that I began to receive many invitations to the mission field to preach and teach on these subjects to hungry missionaries. Missionary trips have been made to Brazil, Argentina, Mexico, and Columbia where the same results of deliverance took place everywhere and missionaries who cooperated were most encouraged. Many were healed of terrible diseases like cancer by the prayer of faith. In all these cases I have relied upon ham radio as a means to communicate back home to my wife; fortunately our church janitor holds the call VE3EWY and operates my station in my absence and keeps me in touch with the church at home. SSB has played a great part in excellent communication from Sao Paulo, Brazil, Mexican and Columbian cities. In a recent trip to Columbia, I met HK hams who showed me the greatest courtesy and actually presented a QSL card to HK4EB in Medellin two weeks after working him on 160 meters. He was quite surprised. In Columbia I ministered largely among the Presbyterians, for they are entering into a greater depth of spiritual renewal at this time. I also stayed with the Lutheran bishop in Bogota and his wife was healed and baptised in the Spirit while I was there. I had the privilege of meeting HR3JW, the Episcopal priest in Bogota who recently left Honduras. I was privileged to teach in the Inter-American Seminary in Medellin on the gifts of the Holy Spirit and teaching on exorcism was eagerly received by these Columbian Seminary students. While in Mexico and Columbia I met many of the Wycliffe Bible Translators who are doing a tremendous work for God today. In the midst of every busy life, Bob (VE3EWY) and myself have worked over 300 countries from Toronto, and our interests lie from 10 to 160 meters, CW, AM, SSB. We believe ham radio is a very fine mental therapy for those in the ministry who have such strong spiritual pressures on their lives today." WHYTE.

*****DOTS *****AND*****DASHES*****

***We are very sorry to report that K2BER(Art Bauer) on April 21st had his mother leave her earthly home to be with the Lord. We know this is a great loss to Art.

***Missionary visitors to the East Coast in the next few months include: HC1JJ, Dick Benoit of HCJB ; Bernie May(JAARS pilot) of O48B Bob Seeburg,HC1SS from HCJB ; Jim Baptista(Pioneer 530 designer)fromO48B HC1OW, George Poole from HCJB(In N.J. May 10. We hope to visit with them.

***Russ Killman (WA6KUA) is active with Radio Gospel Broadcasting. "The Heaven and Home Hour" is heard in about 12 states in the West,N.W.&Midwest..

***Wycliffe Bible Translators has exhibit at World's Fair entitled "2000 Tribes Pavilion". Be sure to stop!!! Some fellows you know from the field might be there.

***W2RJQ, L.VanSaun and family wish to express thanks to all the gang who have continually remembered Van's mother in prayer. She has been in the hospital 7 weeks and is improving slowly.

***W3EAN, Gene Reynolds, participated in a missionary conference at the Newtown Baptist Church in Newtown Square,Pa. and demonstrated the new portable hand and battery operated continous cartridge tape recorder designed by Ham Powell of Missionary Electronics. This new device "Totable Teacher" was described in the last issue of the BEAM. Quality and volume excellent .

***Anyone interested in ARMS QSL cards , contact W3BPJ, Horace Wolf.

***K3RYV,Don and xyl, had a pleasant evening with WA2CYO,Bob Kurtz and Ham Powell and his wife during Don's recent trip to Rome,N.Y. Don really appreciated your making that effort to come that distance,Bob and Ham! K3RYV really enjoyed the contacts with W3BPJ, W2RJQ, WA2FWS, & WA2CYO while mobile.

***It is good to say that Marvin Brown, K2DDQ has been accepted by HCJB.

***Thanks for the nice remarks about the BEAM. One fellow said that he wouldn't be without it! Hi!

***It will be good to see VE3CNI, Ossie Sargeant in N.J.,Pa.,&N.Y. from May 3 to 18. He plans eyeball QSO's.

***WA2CYO ,Bob Kurtz,tells us about the Disciple Amateur Radio Fellowship. If interested, contact Wm.Craig, WA9CXE, 112 S.Center St. Flora,Indiana. They have a net on 3940 Monday and Thursday 12:30 Z time and on Sat.1330 Z..

***We will be saying 73& 99 to John Shanks and Wes Swauger- both radio men from O48B. Seems like we look forward to meeting these fellows who come home from the field and yet, before we have much time to fellowship with them- their year's furlough is over. Wes and John- it was good to have you with us and we enjoyed having you at our ARMS meetings.

***ARMS is considering having their 1965 Annual June meeting at Winona Lake Indiana. Tell us your thoughts about this.

***HH4VB, Vance Brown expects to return to HAITI this June.

***Terry Lee weighed in at 6 lbs. 9 oz.. Parents are Dan and Elly Derr,HC7SC.

***Columbia is now 3rd party traffic. WBT base is located in Bogota. Another traffic outlet.

***The Mid-Atlantic ARMS have been enjoying invitations to churches about once a month to tell of ARMS.

***If you have traffic for the Colorado area, contact WØYJY, Floyd Hall, 4226 S. Bannock St. Englewood who is endeavoring to organize the group there. As stated in their section report, the big event is scheduled for May 8. KØZIP is taking care of the publicity for that meeting. We trust it shall be a well attended and profitable gathering for all concerned.

***K3JRD, George Jackamonis, made the newspaper with pictures and a nice write-up about his Amateur Missionary communications.

***** An interesting letter was received from James Long in Lima,Peru. He has his requirements all met for obtaining his license and is awaiting the delivery of a Drake TR3 which his homeMethodist church and a Lutheran layman have purchased for him. He states that they are living in Callo, a part of the greater Lima area and will be glad to handle traffic in that direction. He works as audio-visual consultant for the protestant groups in Ecuador, Peru, Bolivia, and Chile. As he visits all these countries, he keeps on the look-out for possible ARMS members. Good for you,Jim!!!
