

WHAT ELSE? ☺

Probably in between these travels will be a trip to Colombia to help another mission re-establish an AM and short wave station where we lived for 20 years.

Thank you for your prayers and financial support. We couldn't do this ministry alone.

Our ministry account at Ethno Media needs help. The supplies travel and equipment needs come from this account. We still receive financial support via Wycliffe. This goes for our pension and helps in our ministry.

Serving together,

Ray and Doris

"RISING" UPDATE

July 2022

Dear praying Friends,

We are very thankful that we can continue to serve the Lord in our 'silver years'. (Of course that includes trips to the doctors, prescriptions, eye glasses and hearing aids!) ☺

Ray's trip to Bolivia in May went as planned. The Baptist church in El Torno has the station on the air broadcasting in Spanish and Quechua. They also have a satellite feed from Trans World Radio.

Praise the Lord for skilled Bolivians who did much of the hands on work. Several had worked with me when we lived in Santa Cruz from 1999- 2007.

Also preliminary planning meetings were held with the Rector/Director of the Evangelical University. They are looking for consultant help to move a FM radio station and constructing a recording studio for teaching students.

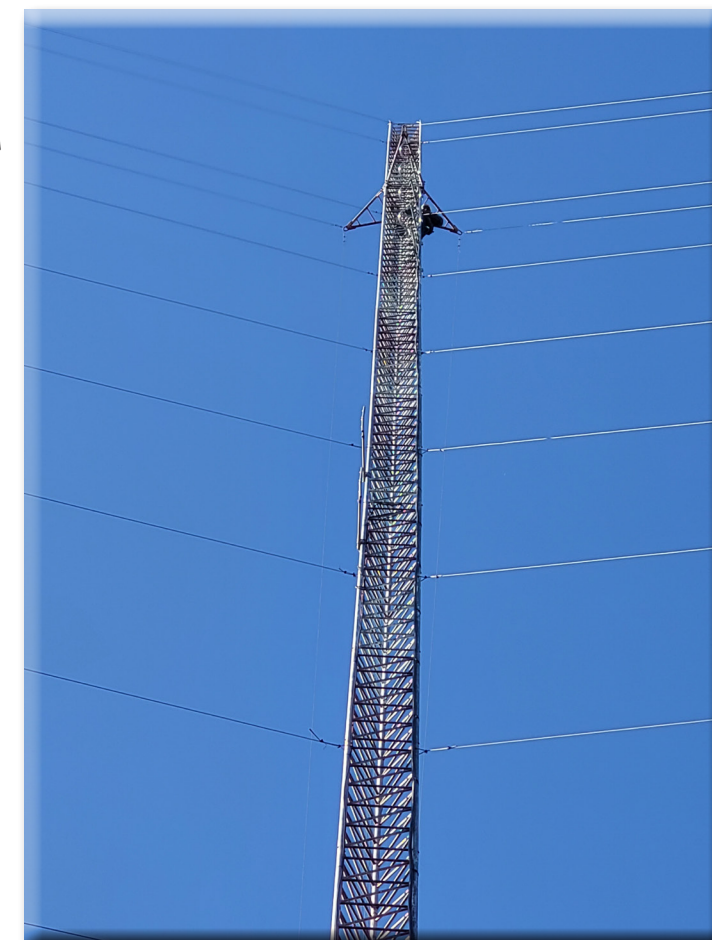

NOW WHAT?

Ray and Brian Konzelman will be traveling to Bolivia on July 26th to give further consultation with the Evangelical University staff and architect about a new 3 story building to include the radio station and recording studio. Brian is a design specialist for recording studios.

PRAY: That we'll be able to communicate technical terms from English to Spanish and be understood. The goal is to train students in media which will multiply our efforts.

Ray plans to visit with friends in Santa Cruz that we have known for 20 years. One is Mariela (age 35) who has fought leukemia for 14 years and recently had part of a lung removed. She is married with 2 children. Her continued life is a miracle to all of us.

MORE TRAVEL! Ray is invited to a mission Conference in MEXICO October 5-9. He will fly to Tucson, Arizona and travel by road to Santa Ana, Mexico. This mission is asking for consultant help for several low power radio stations in very remote areas. Please pray for every aspect of this trip.
