Dear Friends,

Today Ray travels to Colombia again. On Thursday a family from Grand Rapids, MI is coming to Bogota to visit. When Duberney (Dany) Campos was 8 years old we helped facilitate his adoption from Puerto Lleras. He is now a young adult with family and wants Ray to travel with him and his wife and daughter to see his birth family. This will take place on Saturday in Villavicencio where his family lives now.

Following that Ray will fly to the other side of the mountains to visit and encourage Claudia and Delcy. They are working on translation and literacy with the indigenous Katio. There are 39,000 Katio who need the scriptures in their language. Because of covid and security Ray hasn't been there for 3 years when a recording studio was built and for a future radio station.

Then on the 12th to 17th the plan is to reestablish a short wave radio station in the plains area where we lived for 20 years.

The mission conference in Mexico was really fun and inspirational. There were indigenous people from 4 different areas of Mexico. In total about 300 came.

After that I flew with the Mexican director in his Cessna 182 for 2½ hours to Chihuahua, Mexico to look at a low power radio station. I have been making recommendations for better lightning protection and transmitters since returning home.

Please pray for safety in travel and good health and no security events. 😊

John 20:21 As the Father has sent me, I am sending you!

God bless,
Ray and Doris
