Committee Reports

Testing Committee – Our next testing session will be at on during the Ham Fest in November at 8:30am.

Repeater Reports – The new network hub was installed at the 73 site. Unfortunately, a few weeks after the visit the internet went down. Andy checked the router and everything looks good on our end. We have a call into Nextlink to see if they can isolate the issue. After the internet is repaired we can then get the IP Power switch installed as well as the new laptop and new repeater. The 440 site is working properly at this time as is the DMR repeater. At this time we are canceling the 440 digital net on Thursday nights at 7:30, and are replacing it with the 8pm net on the DMR Nebraska Turbo Network. Information on how to connect will be on the website shortly.

New Business

Ham Fest – Aaron is currently reaching out to vendors for door prizes. We would like to purchase the big prize from D&L. Aaron made a motion to approve up to \$400 for the grand prizes. This will most likely consist of an antenna and some other item. We are tentatively planned to set up at the KoC hall at 2pm on November 14th.

Andy won spilt the pot of \$10 and donated his proceeds to the club.
