Committee Reports

Testing Committee – Our last testing session was at the Hamfest. We had 3 test participants. 2 passed the Technician test, and one passed the Extra. Our next testing session will be February 21 at the library. Sessions for the rest of the year are May 16, August 15, and November 21.

Repeater Reports

- 73 Site – The new DX2 repeater has been installed at the site. Preparations are underway for installing the new laptop as well as power systems that we can control via internet.
- 440 – Everything seems to be working well with that repeater.
- DMR – Everything is working as planned.

Old Business

Ham Fest – Hamfest was a success with 22 tables sold, and 122 attendees. After all expenses, the club made a profit of \$380.30. We may have a donation coming from one of the estates we sold that day. A big thankyou to the members who could be there to help. Without them, the event would not have been possible.

In the next few months there will be an opportunity to assist a local Scout group with obtaining their radio merit badge. If you are interested in assisting reach out to Andy or Shane.

New Business

With the insurance coming due in the next few weeks, Aaron is compiling a list of club equipment. If you know of any equipment please let Aaron know ASAP.

Winter field day is going to be held January 24th and 25th. It will take place at Shane's house. Reach out to Terry R. for more information.

Elections:

Executive Team - Fred made a motion that the club nominate and re-elect the current sitting executive team. Dave seconded. The club carried the motion. For the 2026 year, Shane is the President, Andy is the Vice President, and Aaron is the Treasurer/Secretary.

Board of Directors – Fred made a motion that the club nominate and re-elect the outgoing board of directors to another term. Gail seconded. It was carried by the club. Terry L. and Monty were elected to additional 3 year terms on the board of directors.

Shane brought up the need for additional net control ops. Please reach out to Andy if you would like to be on the list.

Award Presentation – Andy Johnson was awarded the KOFJW Ambassador to Amateur Radio Award recognizing his generosity and willingness to assist anyone curious in the Amateur Radio hobby.
