

Los Angeles County Disaster Communications Service Net Control for the County Monday Night Preamble, Script, and Procedures

5 MINUTES BEFORE NET: (1855 Hours)

This is K6CPT Station ##, A net will be conducted on this frequency in five minutes. The cooperation of all amateurs on this frequency for the duration of a test drill to commence at nineteen hundred hours will be greatly appreciated.

Amateur radio operators interested in joining the Los Angeles County Disaster Communications Service, please visit lacdcs.org and click the "Join Us" button.

The following bands will be activated for tonight's drill:

_____ 10 Meters _____ 6 Meters _____ 2 Meters _____ 1.25 Meters

This is K6CPT Station ##, **Operator's Tac Call, Operator's Amateur Call**, clear.

OPENING NET: (1900 Hours)

This is K6CPT Station ##, net control station of the Los Angeles County Disaster Communications Service.

This net is activated at nineteen hundred hours. This is a directed closed net for Los Angeles County Disaster Communications Service and only registered members may be recognized by this net control station.

Members operating from a County Station shall identify with "K6CPT" and the Station identifier. Members operating from their own station will use their unit identifier followed by their amateur call. This operator is **Operator's Tac Call**

Procedure:

- Identify every 10 minutes with "This is K6CPT, Station ##"
 - 1. Transmit messages - Reading speed on 2 meters, 6 meters & 10 meters
- Via NBEMS (MT63-2KL) on 1.25 meters, using the ICS-213 form*
 - 2. Roll call of districts (via voice), (list any traffic).
 - 3. Call for Staff Officers (01-10, 11-20, 40-403 - Do not ask for hours)
 - 4. Call for missed districts.
 - 5. Station ## will stand by until nineteen thirty hours. K6CPT
- * - If net control does not have NBEMS capability or is unable to arrange for another district station to transmit the messages via NBEMS, transmit the messages via voice at reading speed.

CLOSING NET: (1930 Hours)

This is K6CPT Station ##, net control station of the Los Angeles County Operational Area Disaster Communications Service. The cooperation of all amateurs on this frequency during the test drill just completed is greatly appreciated. The frequency is clear at nineteen thirty hours. This is K6CPT Station ##, **Operator's Tac Call, Operator's Amateur Call**, clear.

FORM RETENTION:

Retain the Monday Night Net forms at the station from which the net was conducted. The forms should be retained for at least a year plus the current year.
