 REFORMATTED 2007

REVISIONS	DATE
State Maintained Roads	Feb. 2007
SR 324	Apr. 2002
SR 324	July 2003

This map was compiled from U. S. Geological Survey quadrangle maps, Florida Dept. of Transportation aerial photography completed Jan. 2004, General Land Office plats, road inventory surveys completed Mar. 2005 and other available map data.

This map was compiled using interactive computer graphic methodologies.

This map was prepared on the Lambert conformal conic projection, 1983 North American Datum, Florida system of coordinates, North Zone.

The railroad stations on this map do not necessarily denote the presence of a depot or like facility. It may be only a point, such as a platform or siding, designated for the receipt or delivery of freight.

No attempt has been made to show all drainage canals or ditches.

No claim is made for the basic cartographic source material taken from work or works of the United States Government.

Due to the scale of this map, the Florida Department of Transportation assumes no responsibility for inaccuracies in road alignments, configurations of intersections or other related data.

Corporate boundaries are determined using all available descriptions at the date of revision. The Florida Department of Transportation Surveying and Mapping Office is not responsible for inaccuracies resulting from unknown or unobtainable information.

Maps of this series are in the public domain. The maps are compiled and published using public tax monies and are copyrighted to prevent reproduction and resale for profit.

For the price and availability of this map, contact Maps and Publications, Florida Department of Transportation, Tallahassee, FL 32399-0450. Phone (850) 414-6050.
