

## **C.A.R.S. NET SCRIPT**

**Good evening from the “WA4ZFQ repeater” in Lake City, Florida.**

**This is     (NCS Call Sign)    . My name is     (NCS Name)     and I will be your Net Control this evening, representing the Columbia Amateur Radio Society. Before starting, thank you to both Fred Dawsey and Doug Baker, for the use of this repeater.**

**The Tuesday night CARS Net will now begin.**

**Welcome to all amateur operators on this frequency wishing to join our net this evening. This net is held every Tuesday night 7:00, on frequency 146.940. The tone is 123.0.**

### **Before continuing any further:**

- **If there is any emergency traffic, please come now.**
- **If there is anyone who needs to get in and out quickly, please come now.**
- **If there are any mobile stations ready to check in, please come now.**

**Now we will begin a roll call from the list of past check-ins. Let's see who is present and accounted for this evening. When you respond, feel free to add any comments about how things are going at your location; weather, etc. Here we go!**

***(Go down list of names.)***

- **Does anyone out there have any trivia (HAM or otherwise) they'd like to share, to test our member's memories and know-how?**
- **Does anyone have any Ham related questions they need answered?**

**Last Call: "If there is anyone that I have missed or would like to check into the net, please come now".**

**Hearing nothing, we will now close this evening's net and return this frequency to regular amateur use. It's been an honor. Thank you and God Bless.     (NCS Call Sign)     clear.**
