

Educational Activity Bonus Points

GLG/June 5, 2021

Introduction:

7.3.10. Educational activity bonus: One (1) 100-point bonus may be claimed if your Field Day operation includes a specific educational-related activity. The activity can be diverse and must be related to amateur radio. It must be some type of formal activity. It can be repeated during the Field Day period but only one bonus is earned. For more information consult the FAQ in the complete Field Day packet. Available to Classes A & F entries and available clubs or groups operating from a club station in class D and E with 3 or more participants.

Application to NF4AC

We can get this credit if we have a formal Educational activity.
That should include:

- Title
- Instructor
- Time
- Location

We can have MORE THAN ONE but we have to have at least one. It can be on almost anything related to amateur radio; could be a course on how to operate a vacuum tube linear amplifier; how to use FT8; or how to solder a circuit, or how polarity protection MOSFET circuits work.

It might be nice to include a photo.

Fill in the documentation of the course and send to
docvacuumtubes@gmail.com
