

# Field Day 2021 Satellite QSO Bonus Points

GLG/June 5, 2021

## Introduction:

7.3.7. Satellite QSO: 100 bonus points for successfully completing at least one QSO via an amateur radio satellite during the Field Day period. "General Rules for All ARRL Contests" (Rule 3.7.2.), (the no-repeater QSO stipulation) is waived for satellite QSOs. Groups are allowed one dedicated satellite transmitter station without increasing their entry category. Satellite QSOs also count for regular QSO credit. Show them listed separately on the summary sheet as a separate "band." You do not receive an additional bonus for contacting different satellites, though the additional QSOs may be counted for QSO credit unless prohibited under Rule 7.3.7.1. The QSO must be between two Earth stations through a satellite. Available to Classes A, B, and F.

7.3.7.1 Stations are limited to one (1) completed QSO on any single channel FM satellite.

## Application to NF4AC

If we are able to make a satellite QSO and document that, we can obtain 100 bonus points. The contact must be made using the callsign NF4AC. Make the contact and include documentation on the next page and send it to [docvacuumtubes@gmail.com](mailto:docvacuumtubes@gmail.com)

## APPENDIX

### SUGGESTED DOCUMENTATION FOR SUBMISSION TO ARRL
