**Special Meeting minutes for general release as on the news this morning Sunday 21st March 2004.**

**"As we mentioned last week, (14th) the Council had to meet last Tuesday Night (16th) in order to discuss the Special Resolution about the adoption of the proposed National WIA Constitution.**

**The draft of this and discussion papers are in the March WIA magazine - which has begun arriving in WA at long last.  
It was delayed in Printing, and therefore late in circulation.**

**The council also discussed two other motions, one to set up the option of direct debit to allow members to pay their subs if they so desire (and this is NOT the same as B-Pay) and the council decided to vote yes on this proposal.**

The next motion was to Introduce an ID card for the benefit of members. The council decided our delegate should vote yes to this at the Federal AGM.

Discussion on the special resolution took place.  
This resolution reads:

"Resolved to adopt the Constitution tabled at this meeting and initialled by the chairman for identification in substitution for the Memorandum and Articles of Association."

This resolution - if carried - would initiate the new National WIA.  
This motion is legal, and can be voted on at the Federal AGM.  
It requires 6 out of the 7 votes to be carried.

You council is in favour of the National WIA in principle, but has some reservations over the draft constitution.

The VK6 council discussed the draft constitution for the National Body, and came up with some amendments which it was felt needed to be made to get it right.

Our delegate will move these at the federal AGM and apply our vote according to our perceptions and in the light of discussions on this topic at the meeting and in the light of possible amendments from other delegates.

What will our vote be? Stay tuned!

We hope to tell you the result the weekend of the Federal AGM - which is the 4th of April - or the weekend after.

There is nothing like suspense to keep us amused....."

**Meeting Closed at 2230 hours.**
