Email received from VOA on the occasion of my 50 years of BCDXing in 2023

22 Nov 2023

Dear Mr. Jacob,

Congratulations on 50 years of broadcast DXing!

I just read your radio-related accomplishments on QSL.net, and I am quite impressed by your activities on the airwaves over the decades. You have quite an impressive background, and I am honored that you have chosen to reach out to Voice of America on such a landmark day in your radio life.

VOA will celebrate our 82nd anniversary in just a few months, and I am heartened to know that you and your family have been with us for the majority of that time.

Though VOA is now a truly multimedia outlet, radio remains an important part of our work and a major part of our history. Thank you for being part of that history, and thank you for remaining a loyal listener for all of these years.
