Brightleaf ARC 2011 Field Day

Greenville Mayor Pat Dunn observing Hollis Thigpen, KC3X, operating on 40 meter CW.

Prokop, N8MPX, had his satellite station set up with his 2 and 440 satellite antenna. Also Peter Van Houten, KG4WEZ, had his RV at the usual place at the site and installed a long antenna for PSK operation. He also could use solar power.

The engine generator was supplied by Mike Langley, KD4MTT. Mike was not able to be at Field Day this year.

The supper on Saturday evening was great as usual featuring fried chicken and ham through the efforts of Terry Monday, K4ZYD, club members and spouses.

Covered dishes were added to the menu along with BARC furnished beverages.

The only problem with Field Day this year is that there were not as many members coming out to help. Several that usually come out were not able to due to family emergency needs and illness. There are some that have never participated in Field Day but if they did, they would not miss the next one. Even if you are not able to help with getting the shelters and antennas up, you get a chance to operate as an Amateur Extra Class operator since Extras are on site, but best of all is getting to know your fellow club members better. There's not near as much time to chat at club meeting as at Field Day.

Thanks especially to Field Day co-chairmen, Terry Monday, K4ZYD, Bernie Nobles, WA4MOK, and John McCoy, K4KBB, for a great job. - W4YDY

Next Meeting July 12, 2011

The Brightleaf Amateur Radio Club will have its next meeting on Tuesday, July 12 at 7:30 PM at VFW Post Home 7032 on 1108 Mumford Road in Greenville. Program will be by Mike Langley, KD4MTT about emergency preparedness. All members, families and guests are invited to attend.

The next board meeting will be July 26 at 7:30 PM at 631-B Dickinson Avenue - entrance at back of the building. All members invited.

HELP! BARC VE Sessions need a new home!

The BARC VE Sessions were booted from Saint Peter's Catholic School, the long time location for giving Amateur Radio exams. New leaders at the school have changed the rules and bar any school facility use by non-school entities.

Amateur Radio operators help the public in emergency situations since they are the "only fail-safe system of communications" and supply their own equipment and time at no expense to the public. Surely there is someone in Greenville that can help the Brightleaf Amateur Radio Club with a facility to give FCC approved exams for upgrades and new operators. A large facility is not needed.

If anyone knows of a possible location that can be used six times a year, please call or email BARC VE Liaison Ted Bertrand, KI4PWX, bertrandf@ecu.edu.

New Russian Prefix System in Use

If you have been on the HF bands lately, you may have noticed that a number of new prefixes are in use by stations in the Russian Federation. Here is a summary of the changes recently adopted by the Russian telecommunication authorities.

Russian prefixes with the numeral 2 are no longer limited to Kaliningradsk. Stations with RA2 and UA2-UI2 (with F and K as the first letter in the suffix) are in Kaliningradsk; otherwise, these prefixes will be used in European Russia.

Stations with the following prefixes are in European Russia: R1, RA1-RZ1 (except RI1 as noted below), R2, RB2-RZ2, R3-R7, RA3-RZ7, UA1 and UA3-UI7. Also, stations with the prefixes R8, R9, RA8-RZ9 and UA8-UI9 (with F, S, T, W or X as the first letter in the suffix) are in European Russia.

Except for those listed above, all stations with 8, 9 and 0 as the numeral are in Asiatic Russia.

Russian Antarctic stations use temporary call signs in the series RI1ANA-RI1ANZ and RI00ANT to RI99ANT.

Franz Jozef Land stations use temporary call signs RI1F, RI1FJ and RI1FJA-RI1FJZ.

Malyj Visotskij island stations use tem-

porary call signs RI1M, RI1MV and RI1MVA-RI1MVZ. *Thanks to SRR President Roman Thomas, R5AA (ex-RZ3AA) for the information. - via ARRL.ORG*

Hollywood Takes Liberties with Amateur Radio in New Comedy

In Mr Popper's Penguins -- one of the newest films out this summer -- young Tommy Popper communicates with his father using what many reviews are calling ham radio. But while the Poppers are using a radio tuned to 21.2460 (15 meters SSB), this frequency was not available to US hams as a phone frequency in the 1976-78 time period, as shown in the movie. Neither do the Poppers use call signs. Instead, they use handles: Young Tommy is "Tippy Toe" and Mr Popper is "Bald Eagle." Mr Popper -- who, in one transmission, is in Marrakesh -- calls his son in New York City. There is no interference or static on the frequency; it seems they are the only ones on the band. While it is exciting to see Amateur Radio on the big screen, movies such as Frequency and Contact, and television shows such as Jericho and The Simpsons have presented Amateur Radio more accurately. . - via ARRL.ORG

Next VE Session

The next Brightleaf Amateur Radio Club VE session will be held on **August 12**. Exam location to be announced and will start promptly at 6:30 PM. Ted Bertrand, **KI4PWX**, 756-3734. bertrandf@ecu.edu. Please bring the following **required**:

- ◆ **Photo ID** (drivers license)
- ◆ **Original** Amateur Radio License
- ◆ **Copy** of Amateur Radio License
- ◆ **Original** CSCE's
- ◆ **Copy** of CSCE
- ◆ Test fee is \$15.00 .
- ◆ Proof of Tech Plus if before 3/21/87 and doing paper upgrade to General.
- ◆ SS Number will be needed if you don't have an FRN number.

Texas Hams Injured at Field Day Site

On the morning of June 26, two Texas radio amateurs -- Danny Caldwell, AD5IP, of Kamay, and Mike Byrne, AE5CO, of Iowa

Park -- received electric shocks as they took down an inverted V antenna. According to Wichita County Emergency Coordinator Larry Ballard, KE5KNV, the two were taking part in Field Day as part of the Wichita Amateur Radio Society (WARS).

"The Wichita Amateur Radio Society decided to terminate the participation in the exercise at 10 AM on Sunday, due to extreme heat and gusty wind conditions," Ballard told the ARRL. "Danny and Mike were injured while lowering the center pole of the inverted V dipole antenna to the ground. They were knocked to the ground when a guy wire, or the antenna lead-in, was hit with very high wind gust that blew it into a high [power] line wire." According to reports from witnesses, winds were gusting up to 40 miles per hour.

Ballard said 911 was called immediately and a rescue van arrived in a matter of minutes. The Fire Rescue Team determined that the two men were stable and they were transported to United Regional Hospital in Wichita Falls. Caldwell received CPR at the scene and was air lifted to Parkland Hospital in Dallas. Byrne was transported to Parkland later by ambulance.

"This was the second year that the Wichita Amateur Radio Society had set up at Oscar Park in the City of Iowa Park for Field Day event," Ballard explained. "The antennas were located in the same location as the prior year, using the same safety practice of locating the antennas a safe distance from power lines and structures. The inverted V dipole antenna had yellow caution tape, marking guy wires and antenna end locations."

Ballard said that Byrne was released from the hospital on Monday, June 27 and was resting at home. Caldwell, who suffered more serious injuries, was released a day later. - via ARRL Letter 06/28/2011

Nebraska Hams Needed to Provide Access to 911 Services

When 23,000 people in Lincoln, Nebraska lost their digital phone service on the morning of June 22, local Amateur Radio operators were called in to help provide local residents with a connection to the 911 dispatchers. According to ARRL Nebraska Section Manager Art Zygielbaum, K0AIZ, those trying to call 911 via the digital phone system to report emergencies were met with a recording that said "Due to network difficulties, your call cannot go through."

"Lancaster County [Nebraska] Emergency Manager Doug Ahlberg activated ARES® because Time Warner Cable lost a significant portion of its digital phone service," Zygielbaum explained. "More than 30 ARES® members were deployed along major roads throughout Lincoln and at major intersections to help people who might need emergency services. The outage lasted close to 12 hours." According to the Lincoln Journal Star, the digital phone service was working early Wednesday evening on a "rolling restoration" of 911 service. Time Warner said earlier its 10-digit calling issues were fixed.

This is the second time in 14 months that radio amateurs have been asked to provide support due to 911 service disruptions in Nebraska. In April 2010, almost 40,000 people -- including Lincoln's government, business and emergency centers -- found out that they had no landline telephone service, as well as spotty cell phone coverage, thanks to an equipment malfunction at a Lincoln switching facility owned by Windstream Communications. According to news reports, residents of 12 counties were unable to contact 911 and dispatch centers used local radio amateurs to help provide communications support. - via ARRL. COM 6/23/11

Several club members that have been active every Field Day were not there for various reasons. Gerry Clayton's, **K4IDD**, wife, Dot, had a kidney transplant and was still recovering over Field Day. Gerry reported a week after Field Day that Dot was doing well but there are still a lot of monitoring to do. Gerry has been very busy. He really hated to miss his favorite event of the year but family comes first. Mike Langley's, **KD4MTT**, Mother-in-law passed away and he was in Virginia. Taylor Millar, **W4WTM**, was fighting a bad cold for a couple of weeks.

Murray Merner, **K4MHM**, abandoned us! He retired and moved to Raleigh! Really, we are happy for him but BARC has lost a valuable and outstanding member. He has moved because he wanted to be near his children and that is good. He finished moving his furniture to Raleigh on Field Day weekend and put it in storage. He plans to move into his new home at the end of July and then he will find out what traffic is! Raleigh! Murray is going to join the Raleigh Amateur Radio Society and I'm sure they will be very happy with their new member.

Peter Van Houten, **KG4WEZ**, has made a video of our Field Day from a camera he had set up to take one picture every minute. The video is online at w4amc.com. Also, there are 31 pictures have been added to the club web site. Several of them can be seen on page four of this newsletter. Hopefully, I will get the 2011 Field Day video online much faster than I did in 2010. Already have the video uploaded to the computer. Now the slow process of editing the video and audio so it will not be too boring!

Thanks to our Field Day Co-chairman, Terry Monday, **K4ZYD**, Bernie Nobles, **WA4MOK**, and John McCoy, **K4KBB**, for their outstanding work in planning and organizing the BARC event. Also, thanks to all the that worked and participated in Field Day. - **W4YDY**

BARC Meeting Minutes - June 2011

BARC Meeting Minutes

Date: June 14, 2011

Call to Order: 7:35 PM

President John Prokop, **N8MPX**, opened the meeting.

There were 24 members present as recorded in the sign in book.

Pledge of Allegiance: was recited by all present.

Visitors: George Armistead, **KD4MTN**, and wife Virginia, from Washington, NC were present.

Minutes: The minutes from the May Board Meeting were approved as published in Ham Chatter.

Secretary's Report: Brenda Bertrand, **KJ4GDS**, had nothing to report.

Treasurer's Report: Ted Bertrand, **KI4PWX**, gave the report. Further information regarding the Treasurer's Report is available to members upon request.

Equipment: Ted Bertrand, **KI4PWX**, had nothing to report.

VE: Ted Bertrand, **KI4PWX**, reported that a new venue for VE session is needed. Anyone with a new venue location ideas is encouraged to contact **KI4PWX**. Tentatively, the next session is scheduled for Friday, August 12.

Health and Welfare: Richard Campbell, **KG4SNE**, reported that the Well Wishes are as published in the BARC newsletter.

Ham Chatter: Dave Langley, **W4YDY**, reported that the web-site will be updated with VE change of venue information.

Publicity: Taylor Millar, **W4WTM**, reported that he will delay the Daily Reflector announcement for VE session until the new location is identified.

Pitt County ARES: Bill Dawson, **W4SLC** reminded club members that it is hurricane season, and encouraged members to participate in ARES.

Byron Highland, **K4BMH**, reported that on Thursday, May 19,

a Pitt County ARES meeting was held at 7:30 pm at the office of Peter Van Houten, **KG4WEZ**, and 8 were in attendance.

Murray Merner, **K4MHM**, reported that the hospital net is being run the 2nd Tuesday of every month at noon on the 440 link system.

Public Service: Paul Fletcher, **KS4YF**, had nothing to report.

Byron Highland, **K4BMH**, reported that there will be a ½ marathon in the fall and amateur radio support may be of interest to the police department. Further details will be provided in a future meeting.

Future Programs: John McCoy, **K4KBB**, reported that the July program will be presented by Mike Langley, **KD4MTT**, on Preparedness. Anyone with program ideas for August or October is encouraged to contact **K4KBB**.

Old Business: Nothing to report.

New Business: Bernie Nobles, **WA4MOK**, lead the discussion with regard to budgeted Field Day expenses.

Bernie Nobles, **WA4MOK**, made a motion to purchase a pop-up tent for Field Day, budgeted for \$800. The motion received a second by Mike Langley, **KD4MTT**. Motion was called to vote and unanimously approved.

Announcements: Nothing to report.

50/50 Drawing Winner: John McCoy, **K4KBB**

Adjournment: 8.14 pm

Program: Terry Monday, **K4ZYD**, introduced the Field Day program presented by Bernie Nobles, **WA4MOK**. What a fun evening!

Respectfully submitted,

Brenda Bertrand, KJ4GDS, Secretary

BARC Board Minutes - June 2011

BARC Board Meeting Minutes

Date: June 28, 2011

Call to Order: 7:24pm

Board Members Present: President John Prokop, **N8MPX**; 1st VP Richard Campbell, **KG4SNE**; 2nd VP John McCoy, **K4KBB**; Treasurer Ted Bertrand, **KI4PWX**; Trustee Dave Langley, **W4YDY**; Trustee Dave Pulver, **KG4CZV**; Secretary Brenda Bertrand, **KJ4GDS**

Minutes: The minutes from the May Board Meeting were approved as published in Ham Chatter.

Secretary's Report: Brenda Bertrand, **KJ4GDS**, had nothing to report.

Treasurer's Report: Ted Bertrand, **KI4PWX**, gave the report. Further information regarding the Treasurer's Report is available to members upon request.

VE: Ted Bertrand, **KI4PWX**, announced that a new site needs to be identified for future VE sessions. Discussion followed. Tentatively, the next VE session is scheduled for Friday, August 12.

Equipment: Ted Bertrand, **KI4PWX**, reviewed some small equipment needs for the club (power supplies). Discussion fol-

lowed.

Health and Welfare: Richard Campbell, **KG4SNE**, reported that the Well Wishes are as published in the BARC newsletter.

Ham Chatter: Dave Langley, **W4YDY**, reported he has been working on the Ham Chatter and video for Field Day. The lapsed time video of Field Day recorded by Peter Van Houten, **KG4WEZ**, is posted on the Brightleaf ARC website – cool stuff!

Publicity: Nothing to report.

Pitt County ARES: Dave Pulver, **KG4CZV**, reported that the next quarterly ARES meeting is Thursday, August 18.

Programs: John McCoy, **K4KBB**, reported that the July program will be presented by Mike Langley, **KD4MTT**, on Emergency Preparedness, August - David Sawyer (WNCT Weather), September - Vern Wenger (Batteries Plus), October – Dave Pulver, **KG4CZV**, topic to be determined, November – elections, December – Christmas party. Anyone with program ideas for 2012 is encouraged to contact John.

Old Business: Nothing to report.

New Business: Nothing to report.

(Continued on page 7)

BARC Board Minutes - June 2011

(Continued from page 6)

Announcements: Ted Bertrand, **KI4PWX**, wanted to thank all of those who participated in Field Day this year.

Adjournment: 8.34 pm

Respectfully submitted by

Brenda Bertrand, KJ4GDS

Ham Ads

Ham Ads will be run, free of charge in Ham Chatter for three months for each renewal. Ads must be received by the last week of the month to be included in the following issue. Send ads to: **Ham Chatter, PO Box 8387, Greenville, NC 27835, ATTN: Dave Langley** or email to: `barc @ w4amc.com` (no spaces)

FOR SALE: Kenwood TS-850SAT sn 30mil. Original owner. Includes antenna tuner, manual, hand mike, power cord, original two packing boxes. Excellent physical and electronic condition, including display and panel lettering. Comes with Kenwood 1.8 ssb filter for 8.83 i.f. and matching Inrad 400 Hz CW filters in each i. f. (really impressive and the ones used in Sherwood's updated measurement of TS 850 performance). Also includes Donner mfg serial computer interface cable (replaces Kw 232 interface) and (possibly) an amp control cable and the remainder of the Kw bag of connector plugs. Still a high performance station. \$850 plus \$25 towards shipping/insurance to CONUS only. (No local shipping charge.) No trades. Price firm. US Postal money order only. Pictures if seriously interested. Contact via **K4IDD** (at) arrl dot net.

FOR SALE: 8 element 2 meter beam.

Richard Campbell, **W4JNC**, Ph: 758-1244 Email: `campbellerecu @ embarqmail.com`

FOR SALE: TH3MK3 Hy-Gain 3 element 10-15-20 meter beam antenna, older antenna but never assembled - \$150. Hustler CGT-144 2 meter collinear mobile antenna, 5.2 db gain, 200W, trunk lip mount, 7 ft. high - \$35. Bob Workman, **WA4ZZN**. `WA4ZZN@ARRL.net` or (252) 726-8828.

MOVING SALE: Glen Martin Engineering RT-936 nine foot roof tower, fully assembled and on the ground. LR-8400 lightning rod kit, MA-1049 medium duty aluminum mast, KB-1100 sidearm, and a run of ground cable (50' to 75'), all never used. Prefer complete package sale. Over \$735 new.

Hammarlund HQ-170AVHF receiver for sale. It lit up the last time I tried, but it needs a complete rebuild, including a steam cleaning to get rid of the ashtray smell. I'd like about \$225 for it.

Troy-Bilt mower, used one season, then overhauled and stored. I'm pretty sure it's a 36" cut. Fluids and maybe a new battery are all it needs. It was about \$1000 new. I'm willing to deal.

Harry Pliscof, **K8HP**, Phone # is 227-4631.

FOR SALE: TS480SAT HF+6 good condition used very little.. Has all the cables and mike. Asking 750.00 obo Will meet to or deliver within 100 miles of Princeton NC Heath Kit SB 201. Good cond. 2 572B tubes. Asking 500.00 obo Dick Lewis **N1VGY** Ph: 919-333-6440
